## *Student card*

### **Counsellors**

1 Work with your partner. Think of advice that you could give to help the following people:

*A couple who are having a marriage breakdown*

*Two people who have just lost their jobs in a major company*

*Two people who have been told that they can't work as acrobats in the circus anymore*

*A driving instructor who is stressed and a learner driver who has failed ten times*

*Two young people who have been told that they aren't good enough to play for Manchester United*

*Two young people who have been expelled from school for bad behaviour*

*Two people who have just lost out on a TV talent show*

2 Be prepared to offer your advice and to be sensitive to how the people may be feeling.

### **People with problems**

1 Work with your partner. Decide how you feel about the problem you face, why you think things have gone wrong, what you are going to do next, and what advice you need from a counsellor.

2 Be prepared to take or challenge advice from the counsellor.
