

Communicative worksheet

How much is it?

1 Ask students to look at the pictures that tell the story of the man's shopping trip.

Ask:

Where is he?

What products can you see?

What does he say?

What do the shop assistants say?

Elicit the different products (computers, laptops, digital cameras, etc.).

2 Divide the class into pairs and hand out the students' worksheets.

Ask Student As to read out their halves of the expressions and ask Student Bs to complete the expressions.

In feedback, ask students to practise saying the expressions.

3 In pairs, students prepare conversations based on the pictures of the man's trip. Monitor and help with ideas and vocabulary.

4 Ask different pairs to act out different conversations. Ask the rest of the class to listen and say which product the man buys.

5 Writing

Ask students to write up one of the conversations that the man has in the department store.
