

Communicative worksheet

Here are your keys

1 Divide the class into pairs and hand out the students' worksheets.

Ask them to think of examples for each of the items in the list.

In feedback, ask:

What's the phone number?

What's the email address?

What's the car registration number?

Elicit answers.

2 Ask students to look at the four pictures.

Ask:

Where are they?

What can you see?

What are the people saying?

Elicit ideas.

In pairs, students decide which picture to base their conversation on. Tell them to prepare a conversation. Monitor and help with ideas and vocabulary.

3 Ask different pairs to act out their conversations. Ask the rest of the class to listen and say where they are.

4 Writing

Ask students to write up their dialogues.
