### Example answers

*I expected everyone on the course would be a complete beginner like me, but in fact all of them know some Spanish and some of them seem quite advanced.*

*Although the teacher is very kind and helpful, I feel that I am not making any progress and I am taking up too much of her time.*

*I was intending to give it a few more lessons before deciding what to do, but I feel that there is probably no point as the other students are progressing all the time.*

*While I appreciate that it is not the college's fault that the level of the other students is higher than mine, I think that this is not the Beginner's course that was advertised.*

### Example answer

I visited the Gleneagles Bed and Breakfast in Vancouver with a view to including it in our list of recommended places to stay. I kept my identity secret so that the owners would treat me as a normal guest. Overall it was a positive experience.

Positive points

- the owners, Mr and Mrs English, were extremely welcoming and friendly.
- they were knowledgeable about the area and gave me good advice about things to do.
- the bed and breakfast is in a quiet area.
- rooms are comfortable and most have a bath as well as a shower.
- breakfast was excellent and plenty of it.

Negative points

- a little far from the centre of town.
- rooms are quite small.
- not all rooms have baths.
- price is high like a hotel.

## Speaking

Do speaking tasks in pairs and allow approximately four minutes per task (two minutes each). Give the tasks to the students five minutes before the interview to give them time to prepare. Mark the students on their ability to speak clearly and accurately with a good pronunciation. Give extra marks for natural expression and a good range of vocabulary.
