My favourite movie character is Buddy in *Elf*. You can't help loving this character. I'll tell you why.

Buddy, a human who believes he's an Elf, arrives from the North Pole to New York, dressed in an elf's costume, complete with bright yellow tights! He really stands out in the crowd.

I love his character because, despite being an adult, he's so innocent and full of fun just like a child. His adventures in the city are hilarious.

Buddy is always optimistic and would always cheer you up if you felt sad. I'd like to have Buddy in my life! (100 words)
